Trash Removal Policy

4-18-07

In an effort to promote safe and efficient trash removal in the subdivision, The Reserve at Temple Hills requires the following standards to be maintained by the residents:

- All homeowners must contract with a trash collection service for “Back-door” pick up only.
- To promote the safety of all of the residents, the trash collection service is required to use a small vehicle for pick-up within the neighborhood.
- In order to limit the number of trucks within the neighborhood on a weekly basis, trash pick-up is required to take place (1) time per week on Wednesdays.
- Trash cans/recycling bins must be screened from view at all times by being stored indoors or along the side or rear of the house.
- Recycling is highly encouraged in order to promote the sustained health and growth of Williamson County.

Preferred Provider: Clean Earth Sanitation, Inc.

Clean Earth, a locally owned and operated sanitation and recycling company with a 20 year track record of quality service, has been designated the preferred provider for trash removal services for the neighborhood.

- **Trash Pick-Up (1 day per week): \$26.00 per month per household.**
Services include:
 - Back door pick-up service provided (1) time per week on Wednesday
 - Individual households will be billed quarterly for this service. At the request of the client, Clean Earth can provide a commercial grade trash cart at no charge. (Note: the containers will remain the property of Clean Earth.) Clean Earth will guarantee the above prices for one year.

In addition to trash pick-up service, the following services are available through Clean Earth as well:

- Recycling is offered to residents for an additional **\$13.00** per month. An 18 gallon recycling bin will be provided to the homeowner. (Note: the containers will remain the property of Clean Earth.)
- Clean Earth will collect all moving boxes and packing material at no charge and recycle it upon moving in.
- Clean Earth will conduct a free shredding day in the neighborhood for the residents of The Reserve once per year.
- Clean Earth will provide special pick up services for large items, yard waste, etc. The price will be determined by the job and will be billed directly to the homeowner.

SIGN –UP:
